

IACFUnknown

```
graph BT; AAX_IACFTransport --> IACFUnknown
```

The diagram illustrates a class hierarchy. At the bottom is a gray-shaded box labeled 'AAX_IACFTransport'. A blue arrow points vertically upwards from the center of this box to the center of a white box labeled 'IACFUnknown' positioned above it. This indicates that 'AAX_IACFTransport' inherits from or is a specialization of 'IACFUnknown'.
